## Monthly Newsletter

### April

Dear Parents,

This month our students will be learning about Birds, Transportation, Earth Day, Frogs, Pond Life, Flowers, and exploring bubble science. We will also be celebrating the Week of the Young Child. This week is a time to recognize that children's opportunities are our responsibility and to recommit ourselves to ensuring that each and every child experiences the type of early environment- at home, at childcare, at school and in the community, that will promote their early learning.

Sincerely,

Jaimie Williams

Director of Early Childhood Education
