

Good Morning!

I wanted to reach out to our Boys & Girls Club family with an update on our efforts to deal with the Coronavirus.

First and foremost I want to wish you and your family great health for the duration of this pandemic. I believe that if we all practice social distancing we will slow the spread of the virus and be able to return to our normal, healthy lifestyles very soon!

Our original message to you was that we would close the Club for two weeks. As the pandemic spread Governor Murphy issued an executive order closing our facility along with many other businesses in our state. Once the executive order is lifted by the Governor we will reopen our doors but until then we will remain closed.

On a program note, there will be an adjustment to the fees for our preschool, before school and after school programs. The adjustment will be calculated once we reopen and determine the number of days our programs were suspended. For those of you who utilize automatic credit card payments we **WILL NOT** be making the April charge to your credit card.

If you have any questions, concerns or we can be of any assistance feel free to contact me the Club at 973-427-7777 extension 19.

Thank you again for your patience and understanding as we deal with this unfortunate situation! We look forward to the return of our youth members and in the meantime stay healthy and safe!

Be well and be safe,

John Bertollo
